Boise State Spring Break Parking Advisory for
March 21-25, 2016

For additional assistance, please contact Transportation and Parking Services at (208) 426-7275.
transportation.boisestate.edu

During spring break, some areas of campus will be undergoing maintenance. This will cause specific parking lot closures and will affect traffic flow. Please review the different sections of this advisory to see how campus will be affected.

Regular Intersession parking will follow cross-parking rules in all commuter and reserve lots, when classes are not in session during spring break.

Visit transportation.boisestate.edu/parkcross.php for additional details

Dirt parking lots and alleys (Manitou, Euclid Reserve, Landscaping, Beacon and Denver, Euclid Lots between Beacon and Belmont) - March 23-24, 2016
- Wednesday, March 23 – Thursday March 24: All dirt lots will be closed to all permits holders for maintenance. Those displaced from these lots may park in any commuter or reserved lot as cross parking is in effect (see above for details).
- The crew will start in the Manitou Lot and work west to east. Once completed, the crew will open each lot/alley for use immediately following the work being completed.

- A crane will be in the Education Technology Lot; therefore, the lot will be closed. Please utilize cross parking in other available lots.

Parking Stall Painting
The following areas will be painted Monday, March 21- Friday, March 25 with limited impact:
- Brady Garage – 3rd and 4th floors
- Lincoln Garage – 3rd, 4th, 5th floors as well as the compact spaces on all floors
- Bronco Circle– spaces in front of Ben Victor Gallery

Parking Garage Maintenance
- While it should not interrupt any parking activities please be aware and be careful, as crews will be cleaning the stairwell areas and elevator shafts of both parking garages. This may impact elevator operations.
