

Paid Parking Options Now Available in West Stadium Lot

Boise State University students, faculty, staff, and visitors parking in the West Stadium Lot will now have the option and flexibility of paid, hourly and daily parking at four new kiosk locations or through the [Parkmobile](#) app.

Users of the kiosk machines can make parking payments using either credit cards or cash (exact amounts only-kiosks do not give change). The parking space number should be noted before going to the kiosk, since it will be required for payment.

The new West Stadium payment kiosks are located:

- In front of the Bronco Shop
- In front of the north elevator tower at the Stueckle Sky Center
- In front of the Taco Bell Arena ticket office
- On Bronco Lane, in front of Kinesiology Building

The [Parkmobile](#) app makes it easy to pay for parking and to pay for additional time, if necessary. The initial registration process allows users to store their vehicle and account information, as well as frequently used campus parking locations. For a quick video on registration instructions, visit <http://us.parkmobile.com>.

Registered users will be able to reduce time in kiosk lines and pay for parking with *Visa Checkout* or a credit account through the mobile app. Registered users could also avoid expired-time citations by remotely paying for the additional time needed through the Parkmobile App.

The Parkmobile app is available for iPhone, Android, and other smartphones, as well as on other web-enabled devices. It can be downloaded at www.parkmobile.com or the app stores. At this time, Parkmobile's PayPal option is not an accepted payment at Boise State University.
